

## Pre-Kindergarten Program (4 to 5 Years)

Getting your child ready for Kindergarten is the focus of this class. Throughout the year your child will be introduced to phonics, phonics blends, and simple sight words. They will continue to work on calendar, weather, songs, and more. Every day they complete a packet after Circle Time in which they practice tracing their names, the date, and a variety of fun learning activities. By the end of the year your child should have the self-confidence to begin reading, recognize all the letters and sounds, colors, shapes, and numbers 0-50. They should be able to follow 3-step directions, recite their address, birth date, and

phone number. While learning all of these things they get more comfortable with the learning pace and more structure setting that will be more similar to the Kindergarten atmosphere. Conferences are offered twice a year, by phone or in person, and more meetings are available upon request. Our Pre-K teachers have their masters degrees in education.

We have a part time program which is Mon, Wed, Fri from 9:00 AM to 12:00 PM and a classroom that is open full time, Mon-Fri 6:30 to 6:00 PM with 5 day, 3 day, and 2 day options.

### Sample Schedule
